

# CONGRATULATIONS ON YOUR PURCHASE OF THE FROG® FILTER BASKET CONVERSION KIT<sup>1</sup>

In three (3) simple steps, you can upgrade your hot tub and water care experience. The FROG® Filter Basket Conversion Kit will allow you to utilize FROG® cartridges in your existing hot tub.

1. Remove existing basket and weir (Image A) from your spa filter compartment by rotating the filter basket counterclockwise until loose.
2. Insert FROG® @ease® cartridges<sup>2</sup> into the new filter basket assembly (Image B).
  - a. One (1) FROG® @ease® SmartChlor® Cartridge
  - b. One (1) FROG® @ease® Mineral Cartridge
3. Place the new assembled filter basket and weir into your spa filter compartment and rotate clockwise until it is firmly in place.
